

if I knew how to
maybe I would
it goes a long way
it means a lot too
please don't take it hard
I wound myself up
out of fear
I'd much rather
watch you move
in and out of scene
eclipsing my life
like a drunken moon
and say nothing
from now on
I can't cushion you..
got a read on your health
and it's not looking good
though I can breathe
much better now
embracing your impact:
impounded by glory
notes of red besieged
like yes, yes, yes! ..yes!
and Also running
straight into a wall
can't deny it, can you?

totally amazed by your tricks
drop an anvil on my head
play my peril up there
draw the scene pink
as pointed as your hands
on your key collect my call
and let go

no cuz it's not fair
how when I try
how it nevers seems to
go in the way that
i try to get it to go
who do I wanna be
today or wish I looked like
wherein putin this time
i wanna go pour stuff input waves
like shows and yeah its
so hard to get up and go do it
I try yeah maybe I need to
feel I need to try k's k
kk?
i want was Arthur was on
do I be born gay and in the country
instead of the seacoast
how To Make Do
i ask questions to talk what
i ask questions so I can
feel how to learn
I can be great
-Will be
I, great, lol
seeing it might
just make it go, no?

sudden inconclusive death
bee to hip to placate amie
delete a history same time
10 times how to cut a body

they're looking into it now
they got you by the end
and what did you find
it hard to lean into
your impulses?
was it relief?
or passion?
i hate it
more than ever
if not now, then will show you
impatient, and sorry, drowning little man

i work the felt
into a hard sphere intravenous shift
what if i'm wrong
write another song
cast a net upon
the eye
what if i'm right
i want it to be right

X class flare
killed a man on a train going nowhere
when i was his whore
took a breath and saw Jesus
called my angel on a horse
to swing me back
i said take me far
i'm on my way
flexing treasure for the sun
like the braid in your hair
twisted 'round'
goldenrod
took four hooves to the face
i just want to have fun
want to be at the party
like i was always there but not

clues are never blue
they boil over, leave a mark
and where it burns
i'm sure to think of you
cistern filled to art
we divide to get a breath
conquer items off the list
i sit w myself
they're at a head
over the drain
hope nobody can
i write a letter in the meantime
waiting for u to come back
i can't do it alone
the car sinks down beneath the box
u ask me r u ready i say no
U say let's go

i have huge dreams and
I see a life I see glimmers of
I see glimmers I see life
I see a screen to scroll
one day it'll be ancient
my songs will find a way
if forced then so be it
my time at large is irrelevant
it goes even if I dont go
shit is piling up
I watched hoarders and
a bucket was used
I wrote about a bucket and
I see it here before me
doing the purposeful work
it was made for yeah
so goes the truth gagging
i have paperwork at 24
I may have a collapsed lung
I want to be free sikh weird to think
harder to admit
the background is black

im no longer good to drive
I think what do u
